

Occupational Health Nurse

COMPANY INFORMATION

Wesdome Gold Mines is in its 30th year of continuous gold mining operations in Canada. The Company is 100% Canadian focused with a pipeline of projects in various stages of development. The Eagle River Complex is located approximately 50 km south of Highway 17 and 50 km West of Wawa, Ontario. We are currently producing gold from a central mill which processes ore from the Eagle River Underground Mine and the Mishi Open Pit Mine.

JOB DESCRIPTION & QUALIFICATIONS

Summary

Job Type – 1yr Contract

Rate of Pay – Hourly

Shift Schedule – 7 shifts on – 12-hour shifts – Mining Camp, 7 shifts off

Reporting To: Manager, Human Resources

Responsibilities / Job Duties Performed

- Identify workplace risks and focus on protection measures.
- Act as team member to promote health and safety policy and procedures.
- Administer healthy workplace protocols within legal regulations.
- Offer lifestyle-work balance coping skills to enhance worker's health.
- Educate workers on the hazards of the physical demands of the work.
- Key player in the management of the fit for duty program. Perform different tests required according to the policy.
- Provide primary care for the injured or ill workers on site and follow up on their status when they are off site.
- Recommend prevention measures to safeguard the worker's health.
- Case manage recovery of injured and ill workers, rehabilitation treatment planning and fitness to return to work. Work with Human Resources on monitoring with WSIB.
- Supervise the light duty work program by ensuring the work assigned to the worker fits with their limitations. Weekly follow up on their progress. Ensure the return to work is done as required.
