**ABOUT WESDOME**

Wesdome Gold Mines Ltd. is in its 28<sup>th</sup> year of continuous gold mining operations in Canada. The Company is currently producing from its Eagle River and Mishi gold mines in Wawa, Ontario, which have earned consistent free cash flow during times of low gold prices. Wesdome's corporate goal is to build a profitable, long-life, sustainable gold mining Company with modest initial capital costs. This strategy has enabled the Company to acquire strategic property and infrastructure assets in two politically stable and historically proven mining camps. Wesdome has significant upside through ownership of its two other properties, the Kiena Mine Complex in Val d'Or, Quebec and the Moss Lake gold deposit located 100 kilometres west of Thunder Bay, Ontario. These assets are being explored and evaluated to be developed in the appropriate gold price environment. The Company has approximately 111.0 million shares issued and outstanding and trades on the Toronto Stock Exchange under the symbol "WDO".
